

HOUSEHOLD WASTE RECYCLING CENTRES

Warwickshire County Council's Vehicle Restriction Policy at the county's nine Household Waste Recycling Centres was relaxed in the spring of 2009. A 12 month review of the policy changes and service improvements has recently been conducted resulting in the following key adjustments:

- A maximum trailer bed length of 1.83 metres (6 feet)
- Exemption for unaccompanied bulky household electrical and electronic equipment delivered in vans to most recycling centres (fridges and freezers not accepted at Wellesbourne)
- Exemption for larger trailers – up to 2.5 metres in length – for the disposal of unaccompanied compostable green waste on weekdays before 12 noon (not Bank Holidays).

The revised policy, updated web pages and Frequently Asked Questions (FAQs) together with a downloadable vehicle permit application form for residents owning a car-derived van or twin-cab pick-up is at

www.warwickshire.gov.uk/vehiclerestrictions

Vehicle permit application forms are also available from the Customer Service Centre on 01926 412593.
